Service and advice fees paid by you

Your initial appointment is complimentary unless agreed otherwise. At this meeting, James will explain how Veschetti-Crompton Financial Advisers operates, what you can expect and the payment options. All fees and commissions payable by you will be explained to you before advice is given and will also be detailed in a Statement of Advice, Record of Advice and/or Product Disclosure Statement(s).

You will have the ability to select your preferred payment option from the options below prior to the provision of advice. All amounts noted below are inclusive of GST:

Statement of Advice (SOA)

A once-off statement of advice fee is charged to cover the cost of our expert advice and includes researching, developing and preparing your advice document (SoA). This fee ranges from \$330 to \$1,500 depending on complexity. This fee is typically direct debited from your agreed account after the advice is provided.

Fee for service - ongoing

An ongoing fee for service represents the cost of implementing the recommendations in the SoA and providing our ongoing professional services to you. A summary of the services you receive for this fee is contained in the SoA or in our services agreement. This fee will be negotiated with you before advice is given and depends on the complexity of the advice and the agreed level of service being provided. This fee is typically a quarterly payment in arrears direct debited from your agreed account when we begin implementation.

Commission for life risk insurance products – Policies issued from 1 January 2018

Initial commission payable under an upfront structure will be capped at 88 per cent, then reduce to 77 per cent from 1 January 2019, before settling at 66 per cent from 1 January 2020.
